

- 1) For our indoor activities, the use of face mask is strongly recommended but not mandatory, regardless of the vaccination status. The program coordinator can determine if the use of face mask is mandatory for certain activities.
- 2) When possible, activities will be held outdoors or in stable groups.
- 3) Due to the nature of our activities, social distance between participants will not be a mandatory measure.
- 4) All participants and Staff must carry out a self-assessment and be aware of any symptoms of Covid-19 that they may present. Please report immediately in case of suspicion and refrain from participating in activities if that is the case.
- 5) All Staff members and Madriyichim must be fully vaccinated to attend the activities.
- 6) Any participant or Staff who has traveled outside the state of California will not be able to participate in the activities until 10 days after their return, unless they present a negative PCR test taken 3-5 days after their arrival, which will allow them to return to activities after 7 days. For fully vaccinated participants, the quarantine period does not apply.
- 7) The quarantine and isolation periods will be determined based on the latest version of the *K-12 Schools Decision Tree* and will depend on each case.
- 8) Any Covid-19 positive case (verified or assumed) must be immediately isolated and reported to the Covid-19 Committee(covid@kenjc.org) for follow-up.
